Borrower Paid Mortgage Insurance Premium: Your mortgage Ioan requires a borrower paid mortgage insurance premium ("MIP"). MIP is insurance from the Federal Housing Administration ("FHA") that protects lenders against loss in the event a borrower defaults on a mortgage.

Effective for all loans closed on or after January 1, 2001, FHA annual MIP will be automatically cancelled under the following conditions:

- Loans with FHA case numbers assigned before June 3, 2013:
 Mortgage loan terms greater than 15 years: the annual MIP will be cancelled when the loan to value ratio reaches 78%, provided the mortgagor has paid the annual mortgage insurance premium for at least five years.
 - Mortgage loan terms less than or equal to 15 years with a loan to value ratio greater than 78%: the annual MIP will be cancelled when the loan to value ratio reaches 78%.

FHA will determine when you have reached the 78% loan to value ratio based on the lower of the sales price or appraised value at origination. New appraised values will not be considered. Cancellation of the annual mortgage insurance premium will normally be based on the scheduled amortization of the loan. However, in cases where additional payments have been applied to the loan balance as a prepayment, cancellation can be based on the actual amortization of the loan. If you have prepaid and believe you have met the requirements for cancelling the FHA insurance, please send a written request to us at P.O. Box 1288, Buffalo, NY 14240.

- <u>Loans with FHA case numbers assigned on or after June 3, 2013:</u>

 · Mortgage loan terms greater than 15 years with loan to value ratio greater than 90%: duration of the annual MIP is the loan term.
 - Mortgage loan terms greater than 15 years with loan to value ratio less than or equal to 90%: duration of the annual MIP is 11 years. Mortgage loan terms less than or equal to 15 years with loan to value ratio greater than 90%: duration of the annual MIP is the loan
- Mortgage loan terms less than or equal to 15 years with loan to value ratio less than or equal to 90%: duration of the annual MIP is 11

Projected Escrow Balance Summary

M&T Bank expects to pay \$1,997.73 over the next 12 months.

Here's how to calculate your new monthly escrow payment:

Total Taxes and Insurance: \$1,997.73

Divided by 12 months: \$166.48

*New Monthly Escrow Payment: \$166.48

The cushion allowed by federal law (RESPA) is two times your monthly escrow payment (excluding MIP/PMI), unless state law specifies a lower amount.

Projections for the coming year: The following summary shows anticipated activity in your escrow account for the next twelve months, which was used to calculate your payment above.

| Month | *Monthly Escrow Payment | Amount Scheduled to be Paid | Description | Projection Based On Current Balance | Projection Based On Required Balance |
|--------|-------------------------------|-----------------------------------|-------------------|---|--|

| Aug 21 | | \$980.00 | Hazard Ins | \$255.97 | \$332.96 |

Escrow Requirements, New Mortgage Payment and Anticipated Annual Disbursements

| Projected Beginning Balance | \$255.94 |
|-----------------------------|----------|
| -Required Minimum Balance | \$332.93 |
| Escrow Shortage Amount | \$26.72 |

Your lowest monthly escrow balance for the next 12 months should reach \$332.96, which equals a total of two months escrow payment. To reach this balance, your required escrow amount after your 8/20 payment should be \$332.93, whereas your actual escrow balance is \$255.94. The difference, \$26.72, represents the amount needed in your escrow account and will be spread over the next 12 payments unless this amount is paid in full.

^{*}Based on these calculations for the coming year, if you pay your escrow amount in full your new total payment amount effective 09/01/20 will be the amount reflected in Option 1 on Page 1 of this statement. If you choose to spread the escrow amount over the next 12 payments your total payment amount will be the amount reflected in Option 2 of Page 1 of this statement.

Mortgagor Guide to Frequently Asked Escrow Analysis Questions (FAQ Document)

What is an escrow analysis and why am I receiving this document?

Federal mortgage laws require all mortgage lenders to perform an escrow analysis on all loans minimally once a year. As a result, M&T Bank conducts an escrow analysis accordingly. The analysis is a calculation of your escrowed items – when they are due, the frequency of pay (annually, semi-annually, and quarterly) and the amount of the payment. This then determines if we are over collecting, under collecting or accurately collecting funds to make these payments on your behalf.

There are several reasons why an off-cycle analysis is performed. Common reasons include: loan is acquired or transferred, customer request (new exemption or adjusted bill issued), change in insurance or tax due dates.

· What is an escrow account?

An escrow account is an account set inside your mortgage account. On a monthly basis funds you remit are placed in the account, held and when the time comes, paid to your tax and/or insurance agency. A full accounting of these funds appears on the following statements: monthly mortgage statement, year-end statement and your escrow analysis statement. Typically the payments made are to your real estate tax municipalities and insurance agent. Other payments may be made according to your mortgage agreement.

• What is an escrow payment?

The portion of your monthly payment remitted which is held and then used to pay your escrowed items as they become due

How do you determine the required beginning escrow balance?

The portion of your monthly payment remitted which is held and then used to pay your escrowed items as they become

What is an escrow reserve also known as a cushion?

An escrow reserve also known as a cushion is the amount of money collected in the escrow to cover any unanticipated increases in your real estate tax or insurance premium payment. It acts as a buffer and prevents your escrow account from being overdrawn. An escrow reserve exists on your account unless your mortgage documents or state law applies.

• How is an escrow analysis completed?

We itemize all applicable disbursements such as the real estate property tax and insurance premium which are scheduled to be paid on your behalf in the next 12 months. We take the total and divide the payment by 12 payments. The total amount of the disbursements divided by 12 is equal to your monthly escrow payment.

Will my escrow payment amount remain the same if I remit the entire shortage amount at once?

By paying the full shortage amount this will result in an adjustment to your account which will result in a payment with the smallest possible increase in your monthly mortgage payment. It's important to keep in mind any increase in your real estate tax amounts and/or insurance premium may cause your payment amount to change even if you pay your shortage amount.

If I would like to remit the shortage payment, what steps do I need to take?

You may pay the entire shortage amount by returning the shortage coupon attached to the bottom of page 1 of your escrow analysis along with your check to: M&T Bank, Escrow Department, PO Box 64787, Baltimore, MD 21264-4787

· What if I do not remit the shortage payment?

If you do not wish to remit the entire shortage payment in one lump sum, you can instead remit the new payment amount over the next 12 months. The escrow analysis calculation automatically spreads the shortage amount over the next 12 months.

· Why did my monthly escrow payment amount change?

There are a number of reasons why escrow payment amounts change. Below are the most common reasons why the amount may change:

Real Estate Tax -

Tax rate and/or property's assessed value changed
Tax exemption status added, changed or removed
The payment of a supplemental tax bill or delinquent
tax paid from escrow

New tax requirement

Tax(es) paid as a result of non-payment

Insurance Premium(s) -

Premium rate changed

Coverage changed

Additional premium paid but not anticipated to be paid from escrow, such as change in carrier

New insurance requirement

Lender paid insurance from escrow

Flood insurance map changed

Payments -

Monthly payments received were a different amount than what was expected. For example:

- The monthly payments received were less than the amount requested, shorting the funding of escrow
- Previous escrow shortage amount was not paid in full before new analysis

• Information Regarding Insurance -

Hazard insurance, also referred to as homeowner's insurance, is an insurance policy purchased to protect your property from certain hazards such as fire and theft. Policy coverage may vary. See your insurance policy information for details regarding your specific coverage(s).
